

SPRINGFIELD CITY LIBRARY MAKERSPACE

January 29 - January 31

Rainbow Birds & Swan Queens

Create a Rainbow Bird or Swan Queen using colored cardstock.

February 1 - February 7

Instant Comfort Boxes

In need of a pick me up? Or have a friend that could use cheering up? Come to the Makerspace to create tiny dioramas with a 3D uplifting illustration. The instant comfort box was created by Dutch illustrator Kim Wellings to bring consolation to her friends and family. Produce something that will bring a smile to anyone's face!

February 11 - February 15

Egg Carton Heads

Create decorative masks using egg cartons! Cut different facial features and add designs with paint. Egg cartons from home are encouraged, but the library will also provide materials.

February 18 - February 21

Upcycled Wine Cork Pendants

Pull out those wine corks you have been saving and put them to use making fun upcycled pendants! Make a bunch to swap out on a necklace so you'll always have something fun to wear with any outfit!

February 25 - February 28

Gourd Art

Using balloons and Papier Mache, create an artifact that resembles a decorated gourd. This process mimics Calabash art - an artform that produces spectacular pieces using dried out gourds.
